# INTEGRATED DIPLOMA IN AGRI-INPUT MANAGEMENT

*(online mode)*

*Open for Dealers  
(existing and aspiring)  
of Seed, Fertilizers and  
Insecticides*

**NATIONAL INSTITUTE OF PLANT HEALTH MANAGEMENT**

Department of Agriculture & Farmers Welfare,  
Ministry of Agriculture & Farmers Welfare,  
Rajendranagar, Hyderabad – 500030, Telangana, India

## About the organization

The National Institute of Plant Health Management (NIPHM) is a premier autonomous Institute under the Department of Agriculture and Farmers Welfare, Ministry of Agriculture & Farmer's Welfare, Government of India with a mandate to promote sustainable Plant Health Management practices in diverse and changing agro-climatic conditions.

NIPHM activities revolve around capacity building, education, adaptive research, consultancy, policy development, and projects in the areas of Plant Biosecurity, Plant Health Management, and Pesticide Management

### About the Course:

Agri input dealers of seed, fertilizer and pesticide need to undergo a course that makes them eligible for getting a license for dealership. In view of the regulatory requirements this course has been designed with a common curriculum to cover the contents required as per the FCO, 1985, and the Insecticide Amended rule, 2017 including the contents of Pesticide Management, to build technical competency to dealer.

### Course objective :

To impart knowledge to input dealers regarding various aspects of crop production, crop protection, Agriculture input management along with latest updates in the regulatory acts and to make them as reliable source of information.

### Expected Outcome:

- Provide the dealers a flexible means to acquire educational qualification to get a license
- Strengthen the knowledge of dealers to improve their practices

### Highlights of the Course

- Duly Recognized by the State Licensing authorities for granting the license for sale of pesticides
- Login via mobile or computer conveniently to acquire knowledge and to complete the course in online mode
- Detailed and easy-to-understand study material in English, Hindi, and regional languages.
- Practical demonstration and theory videos for easy comprehension
